One West Two Myths II Essays On Comparison

A large part of the naive yet persistent American notion that World War II was "the good war" is the idea that countless young American men volunteered to fight because they simply knew that it was the right thing to do. However, consider the following: During World War II, two-thirds of U.S. forces were drafted, not enlisted.

Review of One West, Two Myths II: Essays on Comparison ...

Collectively the eight essays in One West, Two Myths provide readers with a solid introduction to the comparative approach to historical study. The forty-ninth parallel serves as the volume's focus. And though the surrounding region has had, and retains, certain social, cultural, and economic commonalities, the book clearly argues that the international border is real and meaningful-despite ...
