Microsoft SQL Server 2008 All-in-One Desk Reference For ...

Each of these queries has its advantages and disadvantages. In theory, the most optimal one should be the filtration by PCSystemType value, but this class appeared only in Vista, and we have many computers running the obsolete Windows XP, which won't be filtered using this queries.. A WMI queries to determine ChassisTypes, being a part of Win32_SystemEnclosure class has seemed more interesting:
